SEVERE STORM ON THE NEW ENGLAND COAST.

Boston, Mass., Oct. 12.—A howling northeast gale swept the New England coast Sunday night, and although up to midnight news of several disasters has come in no loss of life is reported. The harbors of refuge all along the Massachusetts coast are full of craft, while from Scituate, Nantucket and Chatham come reports of vessels being sighted outside laboring hard in the hurricane and in danger of being driven ashore.

From Gloucester comes news of the loss of the big lumberman Alsatian and the rescue of Capt. Oliver and the crew of three men after most intrepid daring on the part of the crew of the steam lobster smack Helen May Butler. The Alsatian left Bath Saturday with a cargo of 10,000 feet of lumber.

Lewes, Del., Oct. 12.—At daybreak Sunday morning the American schooner Luther A. Ruby, from Schierville, N. S., for Philadelphia, with a cargo of plaster, struck near the point of Cape Henlopen while a terrible northeast gale was prevailing. The force of the sea was so great that the vessel pounded to pieces on the sands before the life-saving men could get a line to her. Three of the crew lost their lives and five were rescued after an awful experience with the elements. The dead are:

HARRY MILLBY.

THOMAS SIMES.

UNKNOWN NORWEGIAN.

One of the killed lost his life by being struck by the mainmast when it fell.

Capt. Maloney and the members of his crew who were rescued with him were taken out of the sea after they had given up all hope of reaching shore alive.

Two Men Suspected of a Crime Under Arrest at Wahoo, Neb.

The arrests were made in pursuance of a telegram from Brainard. The men answer the description of those who destroyed a safe in attempting to rob a bank at that place on Friday morning. When the two men were arrested one of the inmates remarked that they had all kinds of money and that it was hidden somewhere about the premises. A search warrant was issued, but no money or anything else was found by which the parties could be identified. Sixty dollars was found on the person of one of them.

Will Burn Corn Instead of Coal.

Chamberlain, S. D., Oct. 12.—The suggestion that corn be burned as a substitute for hard coal in the state this winter is meeting with favor in various sections. Hard coal is now being retailed at from \$10 to \$11 per ton in the towns east of the Missouri river, and west of the river, in the towns of the Black Hills and surrounding territory, it costs considerably more. Experts estimate that two tons of corn will go as far and furnish as much heat as one ton of hard coal. Besides being cheaper it would keep thousands of dollars within the state that would otherwise go to the coal trust.

Passenger Train's Close Call.

Fort Wayne, Ind., Oct. 12.—Nickel Plate train No. 5, west bound, crowded with passengers, narrowly escaped being wrecked eight miles east of here at 3 o'clock Sunday afternoon. The locomotive was overturned and the freight cars piled in a heap of debris fifty feet high. All traffic was stopped until a construction gang built a temporary track around the wreck. INVOLVES SCHOOL QUESTION.

Foreign Influence Said to Be Responsible for the Deposition of Bishop Keane.

Washington, Oct. 12.—Interest throughout Catholic America is still keenly alive to the significance of the recent deposition of Bishop Keane, rector of the Catholic university. The school question is said to have led to the call for Bishop Keane's resignation. The real fight, it is said, has been over the question whether foreign, or, more specifically, German, influence is to prompt the vatican in all its policy concerning the United States. Monsignore Joseph Schroeder, the German professor of dogmatic theology at the Catholic university, is the open and professed friend of those at home and abroad who are trying to force German rule upon the American church.

Two Meetings Held Saturday—Sunday and Today Devoted to Rest—Speeches Scheduled for Tonight—Silver Leaders Call on the Nominees—Some Popocratic News.

St. Paul, Minn., Oct. 12.—The Bryan party reached this city a few minutes before 7 o'clock Saturday evening. Old soldiers were included in the escort that greeted it, and a large crowd gathered both at the depot and at the hotel to get a view of the candidate. The main meeting of the evening was that in the big auditorium, the seating capacity of which is 6,000, but which contained not less than 2,000 others who had crowded into all available standing room.

Besides the meeting at the auditorium, other meetings were held at the Market hall and at Paul Martin's opera house, where Mr. Bryan spoke more briefly.

The large crowd stood in the rain at Rice park until the other meetings were over, hoping to be given a sight of the candidate, but Mr. Bryan's physician would not allow him to expose himself to the weather.

Sunday and to-day were rest days, and to-night Mr. Bryan will speak to a big meeting in the exposition building and probably to other meetings in the Flour City.

Sunday morning, in company with Mrs. Bryan, he attended services at the Central Presbyterian church and listened to a sermon by the Rev. L. W. Beattie of Mankato. In the afternoon Mr. Bryan had a few callers, among them being Ignatius Donnelly, Senator W. C. Squire of Washington, Senator Tillman of South Carolina and C. A. Towne, the free-silver republican and democratic nominee for congress in the Duluth district.

In his tour of Saturday Mr. Bryan spoke at Fargo, N. D., where he began his day's work speaking at the baseball grounds. Short speeches were made at Breckenridge, Minn., and at Herman, Morris, Benson, Litchfield, Waverly and Delano.

STRICKEN AT PRAYER.

Archbishop of Canterbury Dies in Hawarden Church.

London, Oct. 12.—The archbishop of Canterbury was seized with apoplexy after the service began at Hawarden church Sunday morning and died shortly afterward.

The archbishop of Canterbury arrived at Hawarden Saturday evening on his return from a visit in the north of Ireland. He appeared then to be in robust health and expressed to Mrs. Gladstone his great gratification over his Irish tour. He arose early and attended the communion with his wife and others. After the service began and while the rector, Stephen Gladstone, was reading the absolution, Archbishop Benson, who was kneeling, was seen to twitch in the arm for a few minutes, and he then collapsed altogether. Herbert Gladstone called to the clerk and others, who carried him into the library adjoining the rectory. Doctors were hastily summoned. Applications of ether and other means to induce artificial respiration were resorted to, but all efforts to rally the distinguished patient proved vain and he died in a few minutes. Henry Gladstone whispered the news to the rector, who announced the archbishop's death, the news causing a profound sensation among the worshippers in the church.

Will Ask for Torpedo Boats.

Washington, Oct. 12.—Secretary Herbert has decided to ask congress for some additional 30-knot torpedo boats in his final report as head of the navy department. He is greatly impressed with the value of this type of boat, and believes it will prove a valuable ally of the bigger ships of the navy in time of war. It is an interesting and suggestive fact that the 20-knot boats, for which contracts were let yesterday, were designed with the intention that they would be able to reach the great lakes. The locks along the Erie canal admit of taking vessels 101 feet in length.

BANDIT IDENTIFIED.

Sair's Accomplice Will Be Held at Mason City for Some Time.

Mason City, Iowa, Oct. 12.—There is no longer any doubt as to the identity of the man arrested at 3 o'clock Saturday at Lake Mills. Deputy Sheriff E. E. Ward of Martin county, who assisted Marshal Gallion in running down the desperado, J. D. Sair, arrived here last night, and when taken to the small calaboose where the prisoner is confined identified him without any trouble as the man wanted. Sheriff Ward is not giving away the route that he will take with his prisoner if he decides to return him to Jackson, Minn., where the double murder and robbery were committed. It is thought probable that the desperado will be lodged in jail here for a time at least, as it is the only one in this locality that is at all safe.

Sherburne, Minn., Oct. 12.—The body of the dead robber, J. D. Sair, was interred here Sunday at noon. The only service was a short prayer by Rev. J. J. Lutz. Thousands of people came in from all directions. The funeral of George A. Thorburn, the dead cashier, was also held.

During September there were 1,034 deaths in Havana from the disease. Smallpox, instead of diminishing, increases daily, not only in Havana proper, but in the suburbs. The doctor expresses the fear that it will many months before this scourge is over. He also points out the danger from yellow fever to vessels discharging cargoes at Tallapiedra wharf, Havana, because of its close proximity to an old and badly infected military hospital.

Spanish Forces Meet Maceo.

Havana, Oct. 12.—A meager report has been received of another important engagement between the Spanish forces under General Echague and Antonio Maceo, in which it is claimed the insurgents sustained very heavy losses and the losses of the Spanish were admittedly severe. The insurgents returned to San Pedro del Gaimito toward Consolacion del Norte and to Caiguanabo after burning their camp.

COMMISSION IN SESSION.

Venezuelan Boundary Dispute Will Soon Be Settled.

Washington, Oct. 12.—The Venezuela boundary commission is in session. This is the first sitting since the dive into the archives of Europe in search of additional information on the subject under consideration. The information so obtained is being discussed by the commission.

The minutes of the discussion will not, of course, be made public for some time, if ever. It is against the policy of Secretary Olney to make anything public. He is willing to give the public the final result of his work, but nothing concerning its progress can be told.

If any of the subordinates of the department leaks, his head, if he is discovered, will pay the penalty. The same secrecy applies to the boundary commission. There are, of course, leaks, and according to one of these, the conclusions which the commission will formally reach—it is understood to have already come to an informal conclusion on the merits of the case—will be favorable to the contention of this government.

Secretary Olney has been acquainted with all the information obtained by the commission's representatives when abroad. He is satisfied that everything bearing on the subject has been secured. He is also satisfied that he will be able to make out a very good case against Great Britain.

There are excellent reasons for saying that Great Britain will be informed of the conclusions reached by the commission and the steps by which such conclusions were reached; and that, too, before the American public is made acquainted with the facts. The purpose of this is to enable Great Britain to back down gracefully, instead of seeming to be forced to her knees.

PROF. J. J. BLAISDELL CUTS HIS THROAT

BELOIT COLLEGE PROFESSOR COMMITS SUICIDE.

Had Long Been in Ill Health and in a Fit of Mental Aberration He Took His Own Life—He Was a Leader in Educational and Charitable Work.

Prof. J. J. Blaisdell, of Beloit College, committed suicide, Friday morning at the Kenosha Sanatorium. He was found with his throat cut lying in a grove near the college. He was still alive when found and was taken into the hospital, where a surgeon put a few stitches in the wound. Every effort was made to save his life, but in vain. He died this afternoon.

Prof. Blaisdell had been ill for a long time and during the summer he remained at the Sanatorium. When he first went there he was suffering from irritation of the spine, arising from overwork. He seemed to gain strength, but a few days ago he said to a friend who was calling on him,

"I am a sicker man than people believe me to be." Prof. Blaisdell was closely connected with the life of Beloit college and was beloved by every student who came under his influence.

A Sad Shock to Beloit. Beloit, Wis., Oct. 10.—Sad news was conveyed to Beloit college this evening from Kenosha, announcing the death at the sanatorium there of Prof. James J. Blaisdell, who had been a leading member of the faculty for many years and one of the most widely known educators in the west. The news of his death was a severe shock to all, as it was not known that his condition was critical. He had been unwell for a long time and was at the sanatorium to recuperate, but it was supposed that he was getting better. In fact only yesterday he wrote to his wife, expressing the hope that he would soon be at his place in the college again.

Studied Law, Then Theology. Prof. Blaisdell was born in Canaan, New Hampshire. His father was a lawyer and judge and his family education was with the law in view as a profession. He graduated in Dartmouth in 1846, and after studying law practiced at Lebanon, O., for three years. He concluded to enter the ministry and was graduated at Andover theological seminary. He soon after this received a call from the Third Presbyterian church of Cincinnati and served that church several years.

He came to Beloit in 1859 and was installed in the college as professor of rhetoric and English literature. In 1864 he became professor of mental and moral philosophy, which chair he has since occupied. In 1878 he received the honorary degree of Doctor of Divinity from both Dartmouth and Knox colleges. He was chaplain of the Fortieth Wisconsin regiment in the latter part of the war.

His Public Services. He has discharged many forms of public service in connection with the civil affairs of the state, was several years superintendent of the Beloit schools, has been under appointment of the governor, visitor of the Normal schools, has been active in connection with the public penal administration, being chairman of the Board of Charities, and was twice delegate to the International Prison council. He was president of the Wisconsin Children's Home societies and president of the Wisconsin Home Missionary societies.

Prof. Blaisdell was a great teacher. He exercised the authority of a genuine manhood, strong, sincere and sympathetic. He had thorough and positive convictions and his own peculiar and felicitous expression of them. More than one Western college has sought him for president, but he preferred to continue the work he had begun at the Beloit college.

Was Wedded To Wisconsin.

Prof. Blaisdell was very fond of Wisconsin and had been heard to say: "I have been married twice; one of my wives is in my house, the other is this beautiful state of Wisconsin. I want to live 100 years to see her greatness and glory." His reports as member of the Board of Charities and Reforms are most valuable contributions to the literature of social progress. He leaves a wife and two sons, one son, the Rev. J. A. Blaisdell, formerly of Waukesha, is now at

Olivet, Mich. He lost a brilliant son in 1876. The funeral will be held at Beloit, tomorrow, Tuesday, afternoon at half past two o'clock.

D. A. R. CELEBRATED FIRST ANNIVERSARY

PLEASANT MEETING AT THE HOME OF MRS. WRIGHT.

The Old Officers Were Re-Elected; Resolutions For Mrs. Mosher Were Adopted; Reports Were Heard; a Menu Served and a Program Was Rendered.

JANESVILLE chapter, Daughters of the American Revolution, was organized one year ago Saturday, and the first anniversary of the order was celebrated Saturday afternoon at the home of Mrs. J. T. Wright. Twenty-three names are now enrolled on the membership list, and although several of them were out of town, the attendance was quite large. The house was tastefully and appropriately decorated, and a business meeting was held at which officers were re-elected as follows:

Regent—Mrs. A. P. Lovejoy. Vice Regent—Mrs. J. T. Wright. Secretary—Miss Melissa Chittenden. Treasurer—Mrs. S. Louise Hart. Register—Mrs. W. M. Eldredge. Historian—Miss Mary Pease. Executive committee—Mesdames Hamilton Richardson, J. T. Wright and M. G. Jeffris.

Reports of various natures were received and approved, and Mrs. E. O. Kimberly read a paper in memory of the late Mrs. Electa Fredrick Carrington Mosher, after which the following resolutions were then read by the secretary:

Resolutions For Mrs. Mosher.

WHEREAS, It has pleased God to call to her rest Mrs. Electa Fredrick Carrington Mosher; a member of the Janesville Chapter of the D. A. R., therefore, be it

RESOLVED, That as a chapter, and as individuals we express our sorrow at the sad event which has deprived us of one of our real daughters, who was a valued member, and thoroughly interested in the welfare of our chapter.

RESOLVED, That the souvenir spoon, which arrived too late to be presented to Mrs. Mosher, be presented to her daughter, Mrs. Sutton Norris, together with a copy of these resolutions; also that they be published in the American Monthly magazine and entered upon record.

MELISSA CHITTENDEN, Sec.

A Valuable Paper Read.

A very valuable paper was read by Mrs. Hamilton Richardson. It was an account of the capture of Stony Point by the Americans under General Anthony Wayne. The narrative was written early in this century by Mrs. Richardson's father, who took it almost verbatim from the lips of a revolutionary soldier, William Chaffee.

This brave man was one of twenty stout soldiers detailed to cut a passage for the American column through obstructions, which the British had placed around the fort. Some of the men protested against being sent to certain death, but they were told it was a duty which must be done and commanded to go on. They accomplished their task, but only three of the twenty survived to enter the fort.

They were soon followed by the American column which charged through the opening made for them. Their colonel took down the British flag and received a reward of one thousand dollars offered by government to the first man who should enter the fort. This account differs in some respects from those given by historians, being from the standpoint of a private soldier and containing the details which especially interested him.

The Other Numbers

Mrs. Richardson was followed by Mrs. Sophie L. Bowditch, the granddaughter of a member of the Cincinnati, who read "The Old Continentals." Mrs. Bowditch also delighted the ladies by her wonderfully fine whistling of "The Red, White and Blue," and other patriotic airs, to a piano accompaniment.

Mrs. A. P. Lovejoy read a paper on Washington's Farewell Address to the American People. Mrs. E. O. Kimberly gave a sympathetic memorial of the late Mrs. Electa Fredrick Mosher, who was the daughter of a Revolutionary soldier, and a member of the Janesville chapter. A golden spoon sent by the National Society D. A. R., as a souvenir to each daughter, as received too late to be presented to Mrs. Mosher, and will be given to her daughter, Mrs. Sutton Norris, with a copy of some resolutions which were adopted by the society.

Society Is Growing

The society has increased during the year from fourteen to twenty-two members. Ten more are preparing papers for admission. The officers of last year were re-elected and plans were perfected for a Loan Exhibit and Party, Nov. 11. The object of the entertainment is to raise funds for a Continental hall to be erected in Washington by the National society.

A Delightful Dinner Party.

A delightful dinner party was given by Mrs. W. T. Vankirk, Saturday evening, in honor of her sister, Mrs. Elizabeth Eastierley, of St. Louis. Autumn leaves were used in decorating the tables and the occasion was a very pleasant one. Those present were:

Mesdames—Elizabeth Eastierley, R. M. Bostwick, Mary Stevens, Mary J. Lappin, Josephine Curtis, Stephen Stafford, Chicago; Edson S. Williams, Fannie Hulling.

Misses—Fannie Bostwick, Emily Shelton.

Surprise For Mr. and Mrs. Kneip.

Mr. and Mrs. Otto C. Kneip were pleasantly surprised Saturday evening, in honor of their twenty-fifth wedding anniversary. Odd Fellows and

friends to the number of three score composed the invading party. Supper was served and during the evening the host and hostess were presented with a number of gifts, among which were a silver tea set from the Odd Fellows' and Golden Band, and a silver cake basket and dessert spoons from friends. Among those present were:

Messrs. and Mesdames—John Wilson, C. W. Schwartz, M. D. Taylor, George Heller, S. B. Kenyon, W. H. Parish, R. Angell, M. Buob, Harry Pollay, Robert Knoff, R. G. Merrill, F. Smith, C. J. Blakey, A. H. THE OVERFLOW OF LOCAL NEWS.

A BIG CROWD HEARD ROUSING SPEECHES

EVANSVILLE OPERA HOUSE FILLED TO THE DOORS.

Hon. J. M. Whitehead Made the Principal Address and Col. E. O. Kimberley Sang—Other Rallies Are Arranged—Football Player Hurt—Other News Notes.

Evansville Oct. 12.—An audience that crowded the house greeted Hon. J. M. Whitehead, of Janesville, at the Opera House, Friday night to listen to his discussion of the political question and a fine address was heard. Col. E. O. Kimberley sang two fine solos, while our campaign quartette also sang some rousing songs. Monday night, Col. Bird, of Madison, will air his "Bryanviews." Some of our leading republicans will hear the speeches by G. H. Metcalf, of Edgerton and J. W. Bates, of Beloit, who will address the people of Porter, at the Wilder school house, Saturday, Oct. 17, at 7:30 p. m. Magee's hall will be too small by far, to accommodate the crowd that will listen to Congressman Cooper's address, Friday evening, Oct. 23.

Football Player Hurt.
While playing football, Tuesday, Perry Clark had his nose broken. Our football team came out "second best" in both games, between the Stoughton team on Friday and the Janesville team here, on Saturday, the games in both cases standing about 20 to 0.

Band Leader Leaves.
Charles Dinklemann has gone to Chicago. We regret the departure of Mr. Dinklemann from our midst, as he has done good work as leader of our band and orchestra. If some of our citizens would take the "cash" they spend in "betting on election" etc., and assist our home band, they would then be able to keep a leader, and furnish the citizens with their good music whenever occasion required it. It is hoped that the people of Evansville will not let our good band "go to pieces."

OLD SOLDIERS JOIN WITH YOUNG ONES

MILITARY SERVICE AT CHRIST CHURCH YESTERDAY.

Howard Ruger and Fred Palmer Awarded Medals—Address to Cadets in Place of Sermon—Revival at the Baptist Church—Rev. V. E. Southworth Talks on Poverty

Christ church cadets made a handsome appearance last evening as they filed into the church for their annual service. The church was crowded. W. H. Sargent Post, G. A. R., aiding the boys to give a military aspect. The church was hung with flags, and naval precedent was followed in the hanging of a white flag bearing a blue cross on the gate of the chancel. Among the cadets interest centered in the presentation of medals. The recipients were:

HOWARD RUGER—For good marks.
B. PALMER—For greatest improvement.

Rev. Mr. Harrington gave an address on the work of the Cadets, in place of his sermon. He outlined the company's object, told what the duties and obligations of members were, and explained how far wrong was the impression that the company was an instrument for "teaching the boys to fight." The fighting they were taught, he said, was the fighting of evil. They were better able to face the world, better able to say "no," after the training received as cadets.

A feature of the musical service was a solo by Harry Robinson, "The Pharisee and the Publican," which was beautifully rendered.

HEARD A SERMON ON "POVERTY."

Rev. V. E. Southworth Preaches On That Topic Yesterday.

At "All Souls" yesterday "Poverty" was the theme of Mr. Southworth's lecture. He began by pointing out some very important distinctions between what he called the reasonably poor and the reasonably rich, and between the unreasonably poor and the unreasonably rich. Having made these distinctions very clear he pointed out that society did not need to have any alarm on account of those who are reasonably rich or the reasonably poor.

Among the causes of extreme poverty the speakers placed foremost our industrial and commercial anarchy—every man for himself and the devil gets the hindmost. This means "anarchy" in the industrial world.

"What an absurdity," he exclaimed to be so afraid of political anarchy, and yet to glory in the most exaggerated form of industrial anarchy.

Another cause of poverty was wastefulness on the part of the poor and rich alike. "All useless extravagance though it may give labor a temporary employment, ends at last in great injury to society at large."

SERVICES AT THE BAPTIST CHURCH

Rev. Dr. Hodge Preaches—Revival Services Begin Tonight.

"What ye not that I must be about my Father's business?" Luke 2:49, was the text of Dr. Hodge's morning sermon at the Baptist church. "Christ, the King," was the theme of his sermon in the evening, the text being Acts 17:7, "There is another king, one Jesus."

Evangelistic services will begin this evening under the direction of Dr. Hodge, assisted by Miss M. E. Stroud-Smith. There will be a prayer service at 7 o'clock, and at 7:30 a short song service, followed by the gospel meeting. These services will continue each evening in the week except Saturday. Commencing Tuesday, there will be a meeting each afternoon from 3 to 4 o'clock, for those who cannot attend the evening service.

"God or Mammon" was the subject of the Christian Endeavor prayer meeting led by the vice president, Mr. Wilcox. Dr. Hodge explained the Christian Culture courses, and commended them to the young people.

The local union executive committee will meet in the Y. M. C. A. building Tuesday evening.

There will be a New England supper served in the Congregational church parlors Wednesday evening, from 5:30 to 7 o'clock, under the auspices of the local union of young people's societies. Supper 25 cents.

DEATH ENDS EARTHLY WOES

Funeral of Samuel Eaton.

The remains of Samuel Eaton, who
died in Chicago, arrived in Janesville
at 12:40 o'clock from Chicago, and
were taken to the cemetery where
Rev. E. H. Pence conducted the ser-
vices. The pall bearers were six
cousins of the dead man, they being
Messrs. Clarence, Alvie, and Louis
Hemmes, Fred Dixon, William Smith
and Martin McCullough.

Shot to Death for Murder.

Guthrie, O. T., Oct. 12.—Charles Had-
worth and Henry Welsh were executed
at Wewoka, in the Seminole nation, for
murder at 9 o'clock Sunday morning.
This is the first Sunday execution
known. Paper towels were pinned
over the men's hearts and were fired at
simultaneously by Indian police. On
Friday John Blood, a full-blood, was
officially shot.

Electric Car Jumps the Track.

Chicago, Oct. 13.—Eight persons were
injured by the derailing of an electric
car on the Madison street electric line
at 8:30 o'clock yesterday morning.
Some of them may not survive their
wounds.

Gamblers Summarily Punished.

Fayetteville, Ark., Oct. 12.—Much
excitement prevails in the Indian Ter-
ritory over the operation of gamblers
who are fleecing the simple-minded In-
dians. The quarterly payment of the
Osage tribe was made recently, and
hundreds of gamblers were present
with all kinds of devices from the shell
game to the gold brick swindle. Two
gamblers fleeced a crowd of full-bloods,
and their victims became enraged and
drove them out of the settlement. The
gamblers were overtaken at Turkey
Creek and killed. Their names are not
known.

New York Recorder Suspends.

New York, Oct. 12.—The New York
Recorder of Sunday contained the an-
nouncement that it would cease pub-
lication with that issue.

Important Source of Information.

"Dr. Stickem," said the physician's
assistant, "have you decided whether
or not Mr. Payers has appendicitis?
You know you said you were going to
read up on his case.""Ah, yes. I must do so at once.

A Discrepancy.

The contracts that we daily see
Are startlingly immense.
The man who talks so light and free
Of "billions" and "finance" is he
Who borrows twenty cents.

Every Utterance a Truth.

Here is another of Major McKin-
ley's pithy sayings, in which he com-
pends great truths into a few words.
He was talking to the employees of the
steel works of Braddock, Penn., two
thousand of whom went to Canton last
week to call upon him. He said:
"I am one of those Americans who
believe that the American workshop
should be protected so far as possible
from the foreign workshop, to the end
that American workmen may be
constantly employed, and so protected,
too, as to be employed at American
wages. Nor do I want products cheap-
ened at the expense of American man-
hood. Nor do I think that it is econ-
omy to buy cheaply abroad if thereby
it enforces idleness at home."James G. Blaine, that gifted states-
man, in 1884 spoke words of wisdom
which seem singularly applicable to
our present situation and to the pres-
ent hour. He said:"A policy that would abandon the
field of home trade must prove disas-
trous to the mechanics and workmen
of the United States. Wages are
unjustly reduced when an industrious
man is not able by his earnings to live
in comfort, educate his children, and
save a sufficient amount for the neces-
sities of age. The reduction of wages
inevitably consequent upon throwing
our home market open to the world,
would deprive the American workmen
of the power to do this. It would
prove a great calamity to our coun-
try. It would produce a conflict be-
tween the poor and the rich, and in the
sorrowful degradation of labor, would
plant the seeds of public danger."The "seeds of public danger" were
planted by the passage of the Wilson-
Gorman tariff bill. The foresight of
Mr. Blaine has already been justified
by the conditions that have ever since
prevailed. The Chicago convention
was the sprouting of the noxious crop
from that sowing. The election of
Bryan, with a congress to support him,
would be the gathering in of all the
evils Mr. Blaine foresaw.Major McKinley was right in his
emphatic statement that products
must not be cheapened at the expense
of American manhood.—Worcester
Spy.

He Knew What Was Wrong.

"I have 8,000 bushels of corn in my
fields, out of the way of frost," re-
marked a farmer to a business man of
Lincoln, the other day. "On account
of hard luck in the two years last past
by the drouth, I am behind in my ac-
counts and am anxious to straighten
up with the merchants that have given
me credit who need the money badly.
But what can I do? The bankers that
used to accommodate me, say that their
depositors have pulled out their money
to hide it in stockings or in a safety
deposit vault; they can get no currency
from their eastern correspondents be-
cause they are suffering from the same
blight, and I cannot do anything until
my corn is dry enough to be marketed.
And it is all on account of this infernal
Bryan cheap money idocy that has
scared the country and paralyzed busi-
ness."Now this is a farmer with sense
enough to connect cause with effect,
and who is not enamored of any hare-
brained plan for his profit that has
as its basis the defrauding of the peo-
ple who have trusted him in bad times
of the whole or a part of his debt.It was the common sense and hon-
esty of his brother farmers of Maine
and Vermont that buried the Bryanites
under an avalanche of McKinley votes
last Monday and the Tuesday of two
weeks before. It will be the sensible
and honest farmers of the country who
will pass that avalanche along the
whole line on the 3d of November next.
The demagogue who bases his hopes
of fat office in the ease with which the
farmers of this country can be led to
cut their own throats on the Chicago
platform, is coming to sure grief in
November.—Lincoln (Neb.) State Jour-
nal.

Dangerous Appeals to Passion.

It is a cause for painful regret and
solicitude that an effort is being made
by those high in the councils of the
allied parties to divide the people of
this country into classes and create
distinctions among us which, in fact,
do not exist and are repugnant to our
form of government. These appeals
to passion and prejudice are beneath
the spirit and intelligence of a free
people, and should be met with stern
rebuke by those they are sought to in-
fluence, and I believe they will be.Every attempt to class against
class, "the masses against the masses,"
section against section, labor against
capital, "the poor against the rich," or
interest against interest in the United
States is in the highest degree repre-
hensible. It is opposed to the national
instinct and interest and should be
resisted by every citizen. We are not
a nation of classes, but of sturdy, free,
independent and honorable people, de-
spising the demagogue, and never cap-
itulating to dishonor.This ever-recurring effort endangers
popular government and is a menace
to our liberties. It is not a new cam-
paign device or party appeal. It is as
old as government among men, but was
never more untimely and unfortunate
than now. Washington warned us
against it, and Webster said in the sen-
ate, in words which I feel are singularly
appropriate at this time:"I admonish the people against the
object of outcries like these. I admon-
ish every industrious laborer of this
country to be on his guard against such
delusion. I tell him the attempt
is to play off his passion against his
interest and to prevail on him, in the
name of liberty, to destroy all the
fruits of liberty."

REV. MR. THOMPSON BEGINS HIS WORK

LITTLE CHANCE OF FORCING A CHANGE.

First M. E. Congregation Will Doubtless Give Up Their Fight to Retain Rev. Mr. Manaton as There Is No Hope of Winning the Point—Dissatisfaction at Stevens Point.

Rev. Mr. Thompson, the new pastor of the First M. E. church, conducted services at the church yesterday, and made an excellent impression on his hearers. Rev. Mr. Manaton preached at Stoughton.

Mr. Thompson is one of the ablest ministers in the conference, and has had charge of many large churches. He is a prominent Grand Army man, and Janesville people will extend him a hearty welcome. He came to Janesville with the intention of staying, as his assignment to the charge is binding.

In all probability no further action will be taken by the members of the congregation who protested against the removal of Rev. Mr. Manaton. There is but scant hope that anything can be done, and almost no probability that protests will be of any avail.

"They might just as well give up," said a man who is thoroughly posted this morning. "The rules of the church are such that no change can be made. Every one speaks very highly of Rev. Mr. Thompson, and I think the congregation will like him very much. One thing is sure, and that is, they cannot force a change."

Want Rev. Mr. Requa.

Stevens Point Methodists are not pleased with the new appointments either. Several prominent members of St. Paul's church, of that city, say that their next pastor must be the Rev. Perry Miller, or that the Rev. Requa must be returned to them.

It is considered that the bishop is interfering with the time-honored privilege of the conference church to select its own minister in case of a change. During the conference not a word was said concerning the appointment of Dr. Creighton to the charge. The congregation held a meeting this afternoon to take action on the communication from the bishop and it was almost unanimously decided that action should be taken against the proposed change.

They recognize Dr. Creighton's ability, knowledge and in integrity, and have nothing personally against him, but he is not the pastor they chose, and do not want him unceremoniously thrust upon them. It is a custom to allow the church that entertains the conference to take its pick among the members of the conference for its minister, and as St. Paul's church at Stevens Point acted as entertainer of the late conference, it asked the privilege of retaining its own pastor, the Rev. Requa.

Free Methodist Appointments.

The Wisconsin Free Methodist conference at Beaver Dam made the following appointments last night: Evansville District—J. E. Coleman, district elder; Evansville and Albany, N. J. Davis and one to be supplied; Milwaukee and Colgate, F. Wolfe and one to be supplied; Porter and Pierceville to be supplied; Palmyra and Whitewater, William Gould; Waukegan, E. J. Roberts; A. L. Whitcomb, principal of Evansville seminary; J. Y. Wolfe, conference missionary.

FRANK SMITH CUT JOHNSON'S ARM

Threw a Bottle At Him, and Is Now in Jail

Frank Smith, known by the nickname of "Tinker" is in jail for thirty days. Smith was arrested on the charge of assault and battery preferred by Ole Johnson. Johnson swore that Smith and William Powers came to his house last night for a visit, and a row followed, Smith throwing a bottle at Johnson. The bottle struck Johnson on the arm cutting it in a painful manner. Dr. Joe Whiting dressed the injury, taking several pieces of glass from the wound. Smith did not offer any evidence when brought into court this morning. He was convicted, and a thirty days' jail sentence was imposed.

HIS FACE CUT BY HORSE'S KICK

Fred Lawson Hurt at Wm. Davis' Barn This Morning.

Fred Lawson, an employe at Will Davis' livery stable was knocked clear across the barn this morning, when a horse kicked him in the face. Two horses had been fighting in their stalls, and one of them got his blanket down. Lawson went to pull up the blanket, when the horse kicked, the hoof striking Lawson on the jaw. A cut that required three stitches to close was inflicted on Lawson's chin, and it was first thought that his jaw was broken. Dr. W. H. Judd dressed Lawson's injury.

SOUND MONEY CLUB TO HEAR GEN. BRAGG

RAILWAY MEN INVITED TO BE PRESENT.

Veterans Are Also Asked to Listen to Their Old Comrade's Speech Wednesday Evening—J. B. Whiting to Preside—Republican Meetings Arranged for the Week.

All plans for the Bragg meeting, under the auspices of the gold democrats of the city of Janesville, on Wednesday evening, are now complete, and the attendance will probably be larger than at any rally yet held in this city. Dr. J. B. Whiting will act as chairman of the meeting, and will introduce the general.

Dr. Whiting and George G. Sutherland have forwarded an invitation to President Hinrichs, of the Railway Men's Sound Money club, to attend, and notice has been given to the members, most of whom will probably be present.

The following invitation was sent to W. H. Sargent Post:

Janesville Wis., Oct. 12, 1896.—W. G. Palmer, Commander W. H. Sargent Post No. 20, G. A. R. Dear Sir:—Arrangements have been completed to have General Bragg deliver an address on the political issues involved in this campaign, and especially with reference to the money question, at Myers opera house in this city on Wednesday evening, October 14, commencing at 8 p. m. We hereby extend through you to the members of the Post, a special invitation to attend such meeting. We know the general will be especially gratified to see as many of the "old boys" present as possible. Very respectfully yours, J. B. Whiting, GEORGE G. SUTHERLAND, Committee.

Commander Palmer then issued the following:

Headquarters W. H. Sargent Post No. 20, G. A. R., October 12, 1896.—Comrades: In compliance with the above invitation, I ask all who can make it convenient to do so, to attend the said lecture. Yours in F. C. and L., W. G. PALMER, Commander.

General Bragg will discuss the free coinage of silver from the democratic standpoint, and being a good democrat himself, he handles the populist Chicago platform without gloves, as a matter of course. All people are invited to attend the rally, which will be held purely in the cause of sound money.

The Republican Meetings.

This week will be a lively one in the republican campaign, and Chairman Vanhook and Secretary Jackson are pushing the fight into all parts of the county. This evening Hon. John M. Whitehead will speak at Milton Junction, and Col. E. O. Kimberley will sing.

R. J. Bennett and A. E. Matheson will speak at Johnsonstown tonight, while F. E. Parsons and District Attorney Jackson will talk at La Prairie.

R. J. Bennett and William G. Wheeler will address the people of Fulton tomorrow evening, while F. E. Parsons will talk at Harmony.

Col. T. W. Goldwin will not speak in Rock county this week, as he has assignments in the northern part of the state for October 12, 13, 14, 15 and 16.

One week from tonight M. G. Jeffris will speak at Johnsonstown, and in all probability the county candidates will go with him.

B. SPENCE IS FOR M'KINLEY

Free Silver Platform is More Than He Can Stand.

B. Spence, one of the most respected old gentlemen in the city and a man of excellent judgment and broad intelligence expresses himself to a friend as follows: "I have decided after careful deliberation to vote for Major McKinley. I have always supported the democratic ticket but the free silver platform has no meaning to my mind and to vote for Mr. Palmer would be to lose my vote. Mr. Palmer cannot be elected. I am for sound money and there is but one way to get it. That is vote for Major McKinley."

HELPING A FRIEND COST SUTTON'S LIFE

FATAL END OF AN EDGERTON DISTURBANCE.

John Sutton Recovers From a Bullet Wound and a Broken Leg But Becomes Violently Insane—There is Talk of a Damage Suit Against the City.

John Sutton, shot in an attempt to rescue a friend from the Edgerton night watchman a few weeks ago, died Sunday morning. For a week he had been violently insane and had required the constant attention of two men.

Sutton's case was a sad one. He was of good family, his mother being a cousin of Chauncey M. Depew. He stood high in Edgerton tobacco circles for years. Until six years ago he represented Sutter Brothers, the big Chicago leaf firm, in Wisconsin. For five years, however, his habits have been a source of deep concern to his friends.

The injuries that led indirectly to his death are supposed to have been inflicted in a midnight fracas at the Edgerton lock-up. The night watchman had arrested a drunken man and was locking him up. Sutton and another man tried to rescue the prisoner, it is said, and to lock up the watchman. They had the watchman inside the building when he fired through the door. The bullet pierced the fleshy portion of Sutton's leg.

Leg Broken in a Mix-Up.

In the confusion that followed, the watchman got out. There was a scuffle, and when it ended, Sutton lay on the ground with a broken leg.

The broken leg knit as rapidly as could be expected, and the bullet wound proved to be trifling. As far as his injuries were concerned, Sutton rallied speedily. The effect on his mind was most serious. He became violent, and at times four men were required to hold him in bed and prevent him from dislocating his leg. His nervous system seemed completely shattered, and the break-down of brain and nerves was the direct cause of death.

A wife and several children are left, and there is talk of a damage suit being brought by them against the city. The watchman says he acted solely in defence, however, and was forced to shoot to save himself.

A WINDOW SEAT.

This May Be Made by Easy Home Carpentering and Upholstery.

A convenient window seat that may be used as a shoebox or without the pockets is an excellent place to keep the separate waists which now abound, either shirt waists or silk, or stuff ones can be made by the home carpenter if she have any ingenuity and two or three tools.

A box of the right length and width to fit in a desired place can be got at the grocer's, and with a saw and screw-driver a cover can be made and put on with hinges. Then a board to be screw-

ed on for a back to the seat can be shaped quite easily by almost any one, but the corner carpenter is always ready to assist at small expense.

When the box is ready, the cushioned seat is first made by putting hair or excelsior on the cover and a second covering of denim, with a balance of the same to cover the rest of the box. Green denim has a cool and pleasing effect, or any shade that will harmonize with the room where the seat will be used.

If it is desired to tuft the seat as an additional finish, this may be done with denim buttons to match in color and fastening them through the cover by passing the upholsterer's thread through holes bored in the top board. An effective combination is blue denim upholstered with white buttons.

Wearing a Veil.

The art of arranging a veil successfully and at the same time fashionably cannot be so simple as it seems, since so many women fail to accomplish the desirable result. They put their veils on so tight that they wrinkle across the face and flatten the end of the nose, and the unneeded length is left to hang in untidy ends at the back. All veils should be gathered a few inches in the middle on the upper edge to make them fit. Fashion varies in the disposition of this little article of dress, which, if not properly arranged, can make a woman look as though everything she has on had been thrown at her. Just as present veils are made crescent shaped, with applique lace borders, and are worn very loose, leaving the chin entirely free. Afternoon teas are responsible for this fashion, as loose veils are more easily managed than tight ones. The latest novelty in veiling has a blue chenille dot and Russian net mounted over white tulle.

The Pocket Problem.

The pocket question for women's gowns is a little more satisfactorily settled this season than usual. In the full plaits at the back and slightly at the side of the fashionable skirt it is possible to put a pocket, and with the revival of belts to a degree not known for several seasons the manufacturers have shown a kindly appreciation of the pocket poverty of womankind. To many of the belts are attached small purses, varying in size from the tiny ones suitable for change to the bill and card purse. A genuine novelty which is provided for the bicyclist, but is fortunately not copyrighted by that fortunate woman, is a little pouch of netted cord, which, fastened to the belt and with a spring opening, is a safe and light receptacle for purse or handkerchief or both.—New York Times.

Delft Effects.

The rage for delft effects has produced many delft bedrooms. White furniture, bed, dressing table and chiffonier, are treated with Dutch landscapes to harmonize with delft hangings, paper and bric-a-brac. A room seen lately had a frieze of delft plates and just below, on hooks provided for the purpose, a fringe of blue and white tea-cups running quite around the room. A woman who saw and admired the scheme declared that she would duplicate it "with improvements, for in lieu of tea-cups I will get delft teaballs, take the handles off and hang them below the frieze." As, however, these bells are heavy enough to hang without vibration, it cannot be seen where the improvement is achieved.—New York Letter.

Teach Children to Swim.

We need only to point to the lengthening chapter of accidents of children and others drowned within a stroke or two of safety in defense of uttering again the old truism that it is the duty of every parent to see to it that the invaluable art of swimming be learned by all their children. There should not be a boy or girl in our public schools without a practical knowledge of swimming, and those to whom the education of the young is intrusted should certainly make every effort to add this to the regular course of study. Swimming is made compulsory in many schools abroad.—Boston Transcript.

The New Styles.

End of Stewart's Store.

The failure of Hilton, Hughes & Co., which so recently startled New Yorkers and the rest of the country, marks the disastrous close of the efforts of ex-Judge Hilton to continue that magnificent commercial institution which the late A. The man who stands idly by and sees the life fading out of his wife's face, sees her health going, sees her becoming old and faded and wrinkled when she should still be in the perfect enjoyment of vigorous, useful health, is either less than a man or else does not know of the one remedy which will bring her back to health and strength. Dr. Parkhurst on the Situation.

New York, Sept. 27.—The Rev. Charles H. Parkhurst preached on the political situation today, opposing the popocratic campaign. William P. St. John and other silver men were present.

Dr. Parkhurst, among other things, said: "National prosperity will come back when confidence comes back, and confidence will return when the nation gets its feet out of the quagmire and back to granite. Traffic not only, but all the relations of our great communal life are conducted on the credit system, on a system of mutual confidence, and today that mutual confidence does not exist. That is the secret of our disquiet. And attempts are being made deliberately and in hot blood to crush out all lingering remains of that mutual confidence, and this procedure I dare to brand on this altar of God as thoroughly false to the spirit of the gospel and accursedly treasonable to our collective interests and national destiny."
